

Pitch ideas// You need to **communicate** your ideas and **receive** feedback from others.

Ideas on board

Present your ideas on a board with:

- > Project title
- > Images of your research + keywords
- > Images of your samples and experiments
- > A visualisation of your idea + audience

Ideas on PPT slides

Present your work in 4 slides:

- > What is your project about?
- > What have you done so far?
- > What are you planning to do next?
- > One question to ask others.

Communicate clear intentions

1. You need to **communicate** the problem that you observed.
2. You need to **communicate** what your project is about and what you are going to do.

I observed ... (problem)

So far, I did ... (research & experiments)

Now, I intend to ... (intentions)

Therefore, I will ... (how to do it?)
